

# THE BLAIRMORE ENTERPRISE

VOL. XXX, NO. 5.

THE BLAIRMORE ENTERPRISE, FRIDAY, FEBRUARY 3, 1939.

\$2.00 PER ANNUM

## CURLING ASSOCIATION OFFICERS FOR 1939-40

At the annual bonspiel banquet of the Crows' Nest Pass Curling Association, held in the Oddfellows' hall at Bellevue on Wednesday night of last week, the following officers were elected for the year 1939-40: Thomas Beck, Fernie, president; Milt. Congdon, Blairmore, vice-president (re-elected); Lawrence Herchmer, Fernie, secretary-treasurer (re-elected). J. S. D'Appleton, Coleman; J. Fisher, Bellevue; Roach Oliver, Blairmore; R. O. Allison, Pincher Creek, and W. Day, Macleod, executive committee.

## BEVERLEY BAXTER

Something about the articles Beverley Baxter writes for Maclean's magazine irritates us. Perhaps it is the memory of the trenchy stuff he wrote about the unsentimental English during the September crisis. Perhaps it is the reports he gives of his conversations with certain misguided individuals, during the course of which, with masterly logic and sparkling wit, he confounds them utterly. Perhaps it is the implication he frequently is careful to make that—if he could tell the good people all... perhaps it is only the flavor of his personality.

We have a very clear mental image of him—the ex-Canadian now twice as English as the English, dashing from committee meeting to committee meeting, heavy with the secrets of Empire, pulling at cabinet ministers' coat-tails in the corridors, flushing with pleasure at social visitations from the "right" people, Beavers, leaving the score 5-3 in making longish speeches under slight provocation.

No doubt it is quite false, but that is what Beverley Baxter looks like to us in the pages of Maclean's—The Gateway.

## C. P. TRAVEL BARGAINS EAST

An opportunity to travel east on special bargain fares will be given by the Canadian Pacific Railway from February 18th to March 4th, inclusive, according to C. C. Totten, Blairmore ticket agent for the company.

This arrangement, popular in other years, admits of a 45-day late winter or early spring holiday, and permits stopover at stations Winnipeg and east.

Three classes of tickets are provided—coach, intermediate or standard, the latter two being good in sleeping cars of class designated; upon payment of usual berth charge.

Children, five years and under twelve will as usual be carried at half fare.

Mr. E. Brown, of Chipman, was a recent visitor to Blairmore to visit Mrs. Brown, who became quite ill while on a visit to her daughter and son-in-law, Mrs. and Mr. Wilmer Marcellus. Mrs. Brown's condition is reported much improved.

## LOCAL R. C. M. P. OFFICER BEREAVED

Sgt. James A. Cawsey, in charge of the local detachment of the Royal Canadian Mounted Police, received word Tuesday of the death of his father, James Samuel Cawsey, at a Calgary hospital, after but a brief illness, aged 75 years.

The late Mr. Cawsey was born in Halifax, N.S., and came to Alberta thirty-two years ago, and had been a resident of Calgary for the past ten years. He was, for some time, a police sergeant at Edmonton. He is survived by two sons, Sgt. John N. Cawsey, of the R.C.M.P.; Calgary; Sgt. James A. Cawsey, of Blairmore; two daughters, Dorothy and Marion, of Edmonton; seven grandchildren, six brothers and two sisters.

The remains were laid to rest at Calgary on Thursday afternoon.

## BEAVERS' HOCKEY CLUB NEWS

On Saturday last, January 28th, the Blairmore Beavers were defeated 5-3 by the Bellevue juniors in a game at Hillcrest. Soft ice made the play slow.

The Beavers took the lead in the first period with a goal by T. O'Conor, assisted by Joe Kanik. They were in the lead at the end of the second on another goal by T. Geraski from B. Erikson. Bellevue scored their first goal in this period.

The third period saw Bellevue gain the four more goals; Price, Petrini, Rhodes and Price again, were responsible for them. From B. Allen, B. Erikson again netted the Beavers, leaving the score 5-3 in making longish speeches under slight provocation.

## BAD LANDS DISPLAY

### AN APPLE CROP

Montreal, Jan. 30.—Award of contracts for starting work in that part of the modified terminus plan of Canadian National Railways to be carried out during 1939 have announced.

Duranceau & Duranceau, of Montreal, have been awarded certain excavating contracts and the construction of the extension of a section of the viaduct between St. Antoine and St. James streets. To E. G. Cape & Company, of Montreal, went the contract for the completion of a viaduct structure and the construction of the reinforced concrete floor on two tracks on the substructure.

The existing section of the viaduct has been fitted up as office space, with air-conditioning equipment as space available for rental and garage space. On the economic side, the use of the viaduct structure for office, garage and commercial purposes by the railway has resulted in a substantial annual saving in rentals previously paid when various office staffs were scattered in seventeen separate buildings, and tracks and motors in rented garages.

## ANNUAL MEETING OF RATEPAYERS

The annual meeting of the ratepayers of the Town of Blairmore and Blairmore School District, No. 628 was held in the Union hall on Friday evening last, with about 38 present, including the chairman, secretary and members of the council and board.

Both meetings were presided over by Mr. A. E. Ferguson as chairman, with C. M. Larbalestier acting as secretary of the meetings.

Reports were received from the mayor and chairmen of the various committees of the council, and from the chairman of the school board.

His Worship Mayor Williams stated that negotiations were proceeding to secure a better location for the union cemetery, also towards entering upon a new electric contract with the West Canadian Collieries Ltd.

The matter was also submitted that provisions for water supply must be made, as the present supply from York Creek was proving inadequate.

A. Bosetti, chairman of the school board, announced the necessity of a school auditorium, a building about 45 by 115 feet, to cost in the neighborhood of \$7,000. The matter would be submitted to the ratepayers for approval. The building was required for physical training purposes and for the carrying on of dramatics and technical work. If approved, the building would be constructed in such a manner that it could be partitioned off, if necessary, into classrooms.

Financial statements of both town and school were quite encouraging.

## AWARD CONTRACTS MONTREAL TERMINAL

Montreal, Jan. 30.—Award of contracts for starting work in that part of the modified terminus plan of Canadian National Railways to be carried out during 1939 have announced.

Duranceau & Duranceau, of Montreal, have been awarded certain excavating contracts and the construction of the extension of a section of the viaduct between St. Antoine and St. James streets. To E. G. Cape & Company, of Montreal, went the contract for the completion of a viaduct structure and the construction of the reinforced concrete floor on two tracks on the substructure.

The existing section of the viaduct has been fitted up as office space, with air-conditioning equipment as space available for rental and garage space. On the economic side, the use of the viaduct structure for office, garage and commercial purposes by the railway has resulted in a substantial annual saving in rentals previously paid when various office staffs were scattered in seventeen separate buildings, and tracks and motors in rented garages.

## IDEAL UNIVERSITY DESCRIBED

No professors, no exams; beer in tuck, were among the recommendations included in a description of the ideal university given by Eleanor Aiello to the Cercle Français on Wednesday afternoon.

Instead of lecture halls, Miss Aiello suggested that there be discussion halls where students would meet their problems under the supervision of directors. No one would be expelled from Miss Aiello's Utopian halls of learning, and students would go and come as they pleased. Only examinations would be conducted at the end of the term and would be oral tests of students' general knowledge.

All social activities would be controlled by students, who would own their own dance halls. The hours between 4 and 6 p.m. each day would be devoted exclusively to "tucking" —The Gateway.

Miss Aiello is a Fernie girl.

## HILLCREST REPRESENTED ON ALBERTA FISH & GAME ASSOCIATION EXECUTIVE

At the annual convention of the Alberta Fish and Game Association in Edmonton last week, William Fisher, of Hillcrest, was elected third vice-president. Other officers are Leonard E. Wise, Edmonton, president (re-elected); G. M. Sparro, Alberta director of fisheries, secretary-treasurer; A. D. Cumming, Calgary, first vice-president; W. C. Fisher, Calgary, second vice-president.

The Alberta government was asked by resolution to establish two fish hatcheries, one in the south and another in the central or northern section of the province. Extension of forestry service by the Dominion was urged along with appointment of more game guardians.

Increase on the bounty on timber wolves to \$20 and on wolf pups to \$10 was asked in a resolution adopted after the convention heard predators animals were killing off deer and sheep in the national parks. The Alberta government was urged to have a one-day open season, October 21st, on cock pheasants, with a bag limit of two birds.

Dr. William Rowan, professor of zoology at the University of Alberta, told delegates the mysterious disease which has killed thousands of ruffed grouse at 10-year intervals has taken a heavy toll of Hungarian partridge.

Dr. Rowan said the disease, usually fatal, has not yet been explained. The disease had occurred in 1927 and again in 1937, and could be expected to occur again in 1947, he said.

B. W. Cartwright, of Winnipeg, chief naturalist of Ducks Unlimited, said serious concern was being caused by decline in water in lakes of western and northern Canada. Weather conditions in the next year would be an important factor in preservation of ducks, he said.

Beaver are being trapped by game branch authorities and shipped to parts of the province where there are no beaver, said W. H. Wallace, Alberta game commissioner. The government hoped in this way to build up the stock of beaver in Alberta.

Explanation of activities of Ducks Unlimited, was given by O. Leigh Spencer, of Calgary. The conservation organization had completed its first year and now covered the three prairie provinces, he said. The organization had spent \$80,000 in preserving ducks in the past year and expected to increase appropriations.

The one-day convention concluded with a banquet.

## THOUSANDS OF CHILDREN TO SEE CALGARY AND ROYALTY

It has been planned to hold the annual meeting of the Provincial Command of the Canadian Legion, B. E. S. L., in Edmonton on June 1st to 3rd, inclusive. King George and Queen Elizabeth will be in Edmonton on the 2nd, and it is expected there will be a provincial wide rally of war veterans at the capital for the convention.

Special fares will prevail and special trains, where necessary, will be ordered by the C.P.R. and C.N.R. on the occasion of Their Majesties' visit to Canada on May 26th. This was announced by S. G. Petley, provincial secretary of the Canadian Legion on Monday. The Canadian Legion plans to bring all southern Alberta school children to Calgary for the big occasion, and railroads are prepared to co-operate.

Hillcrest was represented at the annual convention of the Alberta Fish and Game Association in Edmonton by Dan Jones, Wm. Fisher, Howell Powell and J. Semanick, with Joe Cardinal, the district game guardian at large. It is hoped that the 1940 convention will be held at Hillcrest.

## THE PASS EIGHTEEN YEARS AGO (The Blairmore Enterprise 1920)

Sept. 2.—H. M. Shaw, M.P., has been interesting himself in the distribution of Canadian war trophies, and as a result, Blairmore is to be awarded two machine guns.

A report was current that Major Wallace Sharp had captured a 31-inch speckled trout in the Castle river.

Mr. and Mrs. J. McDonald and little daughter, of Pictou, Nova Scotia, are visitors here with their sister, Mrs. J. J. Purvis.

Miss Grace Comfort has assumed a position as teacher at Bellevue. The infant child of Emperor and Mrs. E. Picarillo died on Saturday last.

Rev. Henry Clay has returned to Calgary from a visit of several months to England. He was accompanied by his brother, who is also in the Anglican church ministry.

Mr. and Mrs. L. Dutil and Mr. and Mrs. F. Wright left here this week to holiday at Trochu Valley and Sylvan Lake.

Sept. 9.—Mr. and Mrs. William Adam, of Hillcrest, announce the arrival of a new daughter this week.

The marriage of Miss Jones, who arrived recently from England, to Mr. Harry Instone, of Hillcrest, took place on Labor Day.

Mrs. James Gorton, and son James have returned to Hillcrest from a visit of five years in England.

Threatening weather prevented Capt. Palmer and Lieut. Harry Fitzsimmons from visiting Coleman with their airplane on Labor Day.

J. P. O'Neill returned this week from a trip to his old home in Prescott, Ontario.

The marriage of William Henry, son of Mr. and Mrs. Robert Smallwood, to Miss Alice E. Richards, of Wales, was solemnized this week by Rev. W. T. Young.

The marriage of Miss Edna Young, of Edmonton, to Rev. W. H. Irvin took place this week. Mr. Irvin was at one time pastor of the Methodist church at Bellevue, but is now officiating at Norwood church in Edmonton.

Mr. L. Trono has moved his watchmaking and jewelry equipment into the premises immediately west of the Enterprise office.

Rev. W. T. Young is sporting a new fin. Ford.

A new son has arrived at the home of Mr. and Mrs. J. B. Wilson.

Mr. and Mrs. Harry Moore have moved from Frank to Macleod to reside.

Sept. 16.—John Koentges passed away in Blairmore on Tuesday morning, following a long illness.

James M. Easterbrook, well known farmer of the Cowley district, passed away at Denver, Colorado, this week. He was a native of Newfoundland, and came out to Alberta some eighteen years ago.

Mrs. Reuben Green passed away at her son's residence here on Wednesday, aged 80 years. Revs. W. T. Young and J. F. Hunter officiated at the funeral services today.

Mrs. William Adam passed away at Hillcrest on Monday. She is survived by her husband and infant daughter.

Blairmore witnessed three moons last night, one setting in the west, another rising in the east, and still another Moon resting in a round chair at the Cosmopolitan hotel.

Rev. H. Clay has been appointed incumbent at the Old Anglican church, and assumed his new charge on September 5th.

A son arrived to Mr. and Mrs. A. Granger on Monday morning.

Sept. 23.—Premier Charles Stewart visited The Pass this week, accompanied by Hon. Archie McLean and Hon. C. R. Mitchell. They inspected the highway between Bellevue and Crows' Nest, and were banqueted at the Cosmopolitan hotel.

"Serve the Church that the Church May Serve You."

## CENTRAL UNITED CHURCH BLAIRMORE

Rev. E. B. Arrol, B.A., Minister

Sunday services—  
11:00 a.m., Senior school.  
2:00 p.m., Junior school.  
7:30 p.m., Public service.  
Wednesday, 8 p.m., Prayer service.

## ST. LUKE'S CHURCH NOTES

Rev. J. R. Hague, Rector

Services Sunday next:  
10:00 a.m.—Sunday School.  
11 a.m., Morning service.

## REGULAR BAPTISTS

Pastor J. W. MacDonald, Minister

In the Union Hall.  
Services Sunday next:  
11 a.m.—Senior and Junior Sunday school.

7:30 p.m.—Evening service.  
Thursday, 7:30 p.m.—Prayer and Bible study.

You are cordially invited to our services.

## SALVATION ARMY — COLEMAN

Capt. and Mrs. F. Hewitt in charge

Sunday services: Directory class at 10:30 a.m. Sunday school 3 p.m. Salvation meeting 7:30 p.m. Come and enjoy an hour in God's house.

Monday at 7 p.m.: Y. P. Legion.

Tuesday, 7 p.m.: Home League, all ladies are heartily invited to attend.

Friday, 7 p.m.: Young people's meeting.

## ROBERT HENDERSON PASSES AT PINCHER

Robert Henderson, 82, well known business man, and for many years connected with the Pincher Creek Co-Operative Society, died Tuesday morning of pneumonia after but a brief illness.

A week ago he was curling and in his usual good health.

Born in Belfast, Ireland, he came to Pincher Creek in 1907, buying the old Stewart ranch. In Ireland he was in the grocery business for a time. He is survived by two sons, Lieutenant Henderson in Pincher Creek, and John in Bristol, England. A daughter, Mrs. Bennett, resides in Belfast.

Up to last fall, when in his 81st year, he was able to operate an automobile and travelled west as far as Creston on one trip.

The remains were laid to rest at Pincher Creek yesterday afternoon.

Hillcrest delegates to the annual convention of the Alberta Fish & Game Association in Edmonton report having had a very interesting and enjoyable time. One of the matters brought forward was the request to have Race Horse Creek opened to fishing up to the forks—about 5½ to 6 miles from the mouth of the creek. The matter is reported to have received favorable consideration, and that portion of this popular creek will be available for fishing this year.

The death of Miss Christina Sunstrum occurred at Calgary on Sunday. She had been an employee of the local telephone exchange.

Dr. and Mrs. A. H. Baker left Frank this week for Keith, where the doctor will be in charge of work similar to that superintended by him at the Frank Sanatorium for the past few years.

## WHEN BUYING MEAT You Want It Fresh

## CHILDREN'S COUGHS

(due to colds)

Don't let chills or cramps coughs go untreated. Rub Children's Mild Strength Musterole No. 2 on child's chest and feet at once. This mild form of regular Musterole penetrates, warms and stimulates local circulation. Helps to banish chills and fits of shivering, relieves vapors. Musterole brings relief because it's a "soothing-irritant." NOT just a salve. Recommended by physicians and doctors and nurses. *Made in Canada*, in three strengths: Regular Strength, Children's (mild), and Extra Strong. All drugsists, 40¢ each.

## WORLD HAPPENINGS BRIEFLY TOLD

British Columbia is reclaiming its unemployed through the Young Men's Forestry Training plan. E. W. Manning, chief forest ranger for that province, said at Ottawa.

Earl Baldwin accepted an invitation to visit Canada to inaugurate a University of Toronto lectureship founded in honor of the university's former president, Sir Robert Falconer.

Frank Bowater, lord mayor of London, seated in full regalia in his state coach outside the Mansion house, held a wireless telephone conversation with Mayor Fiorello La Guardia in New York.

The German automobile industry will change over completely from natural rubber to synthetic rubber tires during 1939. Two large factories are now producing artificial rubber known as buna.

Acting Premier H. C. Nicol said two children's demonstrations to be held in Toronto during the visit of the King and Queen next spring will be attended by children from all over Ontario.

Twelve members of the Swedish parliament proposed to the Norwegian Nobel prize committee that Prime Minister Chamberlain be awarded the peace prize for 1938 for his efforts during the September crisis.

Sir John Anderson, lord privy seal, sounded a warning that Great Britain will be invaded if war breaks out. If war comes, he said, "it will bring invasion of our country, invasion by air, sudden, swift, perhaps almost continuous."

The new Canada-United States trade treaty has dealt a "staggering blow" to the vegetable growing industry, President George G. Reeves told the 33rd annual convention of the Ontario Vegetable Growers' Association.

### Old Religious Ceremony

**Man Dives Into Icy Water To "Rescue" Cross**

A 52-year-old storekeeper at Harrisburg, Pa., accepting cheerfully an ordeal from which younger men shied, volunteered to "rescue" a cross—symbol of Christianity—from the icy Susquehanna River in an re-enactment of a centuries-old religious ceremony.

Mato Atanaseff, widower and father of six children, agreed to have himself the "privilege" of plunging into the river for the plain wooden cross, a ritual by which the Macedonian-Bulgarian Orthodox Church celebrates the feast of Epiphany, observance of Christ's baptism in Palestine's river Jordan nearly 2,000 years ago.

Atanaseff, clad in a bathing suit, dived for the cross at suburban Steelton. Upon emerging from the water, he received a priest's blessing and was guest of honor among his fellow parishioners at a banquet.

### When Mechanism Failed

**Prisoners Hold Consultation And Opened Safe For War**

The problem of opening a safe when the mechanism failed was no problem at all at Jackson prison. Deputy Warden Ryan recently visited a group of prisoners who records indicated contained mechanical ability in connection with safe opening, and in a few minutes the safe was unlocked. Ryan said the prisoners to an amazing degree represented a group of medical men in consultation as they discussed the easiest way of opening the safe.

In a lifetime man travels through space with the earth about 30 thousand million miles.

Of all the nations of the world, Great Britain eats most fruit and fish per capita.

### Old Time Prospector

**British Columbia Miner Who Saw Nearly A Century Of Pioneering**

Bill Brown, of Barkerville, B.C., is dead, behind him nearly 100 years of pioneering in Ontario and gold digging in British Columbia's Cariboo. The tall, broad-shouldered, white-bearded patriarch died in his cabin.

He nearly always prospected and mined alone, for no one else could keep up with him, and when he was employed as a snow tender at Devil's Canyon, his shovel had twice the capacity of any ever wielded in the North country.

To prepare for such stout work he spent his youth on the log drives between Smiths Falls and Kingston, in Ontario, before coming west 67 years ago.

He used to tell many a tale of Confederation debates when his hero was D'Arcy McGee. When he heard him speak in Bowles Tavern, at Woodstock, Ont., 72 years ago, he recited that "I never did hear any man like D'Arcy McGee's voice."

What more need be said about the relief that Kruschen Salts can bring to sufferers from the pains and stiffness of rheumatism?

### SHARP PAINS SHOT THROUGH KNEES

#### Woman Suffered 10 Years

"Since coming here from England 10 years ago, I've written married women. I have suffered from rheumatic pains. I bought medicines, lotions, liniments, and have taken tonics until my tired spirit gave out. I have tried Kruschen Salts so often, that I thought one day I'd try that. By this time my pains had no effect. But my husband said, 'Persevere.' Give it a chance and see what I can be for long. I kept on, and believe me I am not like the same woman. I have found relief in other ways, and feel fine, whereas before I could hardly walk across the floor." (Mrs.) E.A.

To prepare for such stout work he spent his youth on the log drives between Smiths Falls and Kingston, in Ontario, before coming west 67 years ago.

He used to tell many a tale of Confederation debates when his hero was D'Arcy McGee. When he heard him speak in Bowles Tavern, at Woodstock, Ont., 72 years ago, he recited that "I never did hear any man like D'Arcy McGee's voice."

What more need be said about the relief that Kruschen Salts can bring to sufferers from the pains and stiffness of rheumatism?

### Centenary Of Famous Port

#### Southampton Laid Cornerstone Of First Dock In October 1838

Marking an important epoch in the annals of British Empire port overseas passenger traffic, in which Canada and the United States play a striking role, the British port of Southampton recently celebrated the centenary of the laying of the foundation stone of its first dock.

Home port of British passenger traffic to all parts of the world, a city whose origins go back to the days of the Roman occupation, and the site from which the Pilgrim Fathers set out in 1620 for Plymouth and thence America, Southampton first began to acquire its famous modern docks a century ago, when, on Oct. 12, 1838, the foundation stone was laid.

Centenary celebrations took the form of the unveiling of a commemorative column by Robert Hollingshead Martin, chairman of the Southern Railway, before a distinguished assembly, including members of the British nobility and representatives of the Canadian Pacific Railway, the United States Line, and Empire and American diplomatic envoys. Endowed by nature with four tides a day—a phenomenon due to the fact that the tidal wave divides around the Isle of Wight and the two sections enter Southampton water four hours apart—Southampton enjoys unique advantage as a centre for shipping the chairman remarked.

Looking back over the years, the speaker noted the various changes and developments that have gradually given Southampton docks such a commanding position in the scale to 40 per cent of all ocean-going passengers entering or leaving Great Britain, while in 1937 the number of passengers dealt with at Southampton exceeded 600,000.

### Double Trouble

Once a friend of Mark Twain's was conversing with him regarding a terrible affliction of a person known to them both. The friend said:

"Can you imagine anything worse than having diphtheritis and scarlet fever at the same time?"

"Yes," replied Mark. "I can easily imagine, worse than that—for instance, rheumatism and St. Vitus dance."

The wear was appealing to manager of his congregation to supply refreshments for the church social.

"And now, please remember," he ended, "what we want are no abstract promises, but concrete cakess."

The wear was appealing to manager of his congregation to supply refreshments for the church social.

"And now, please remember," he ended, "what we want are no abstract promises, but concrete cakess."

### MEGAN TAYLOR SETS A NEW FASHION

### Unique Hockey League

#### Organize First Hockey League In The World For Blind Players

Pupsils of the Ontario School for the Blind at Brantford have organized what is probably the first hockey league for blind players in the world. The organization is supervised by H. J. Vallenly, principal of the school.

The league developed from skating, introduced into the curriculum some years ago, pupils had the right and took to skating enthusiastically. Boys who are totally blind use a tin can for a puck, and follow it by the sound, while those who have slight vision use a regulation puck.

There are two teams in each classification. The groups play on alternate days. Persons who have seen the games say they have all the vigor of a conventional hockey tilt.

"We haven't had a serious hospital case in 18 months," Principal Vallenly said, "and I believe that skating, more than anything else, is responsible for this. It is a fuller, freer, more all-embracing exercise than blind students ever before had."

### Show A Decrease

Canadian wheat in store for the week ended Jan. 20 decreased 2,745,394 bushels from the previous week but increased 104,709,063 over the corresponding week last year, the Dominion bureau of statistics reported.

There are 950 motion picture theatres in the Dominion of Canada, an average of one theatre for every 11,600 of the population.

"Asia" for the "Asiatics" merely means Japan for the Japanese, Manchukuo for the Japanese and China for the Japanese.

### Must Be On Time

#### Moscow Workers Watch Their Step Under New Ruling

There was a new, unusual atmosphere of pep and go-getterism in the streets of Moscow as the Government campaign against laxity in labor discipline got into its stride. The shuffle of boots on the sidewalks took on a unusually swifter tempo. Occasionally a man or woman would break into a trot.

Under the new rules, a person late for work four times within two months may be dismissed.

Officials particularly are "on the spot," because workers watch them. P. V. Kudelin, foreman of a factory, was ordered to trial before a people's court charged with "malicious violation of labor discipline" by the "Light Cavalry" labor brigade of his plant. It appeared he was accused of being late for work often and protecting a worker who was absent.

Under the new rules, a person late for work four times within two months may be dismissed.

Officials particularly are "on the

### SUNDAY SCHOOL LESSON

FEBRUARY 5

#### PETER PREACHES AT PENTECOST

Golden text: Not by might, nor by power, but by my Spirit, saith the Lord of hosts. Zechariah 4:6.

Lesson: Acts 2:2-18, 36-41.

Devotional reading: Acts 12:26-33.

Explanations And Comments

The Golden text is from the Second month Acts 2:16-36. Peter was adored as a saint and joy and he could not help preaching to those assembled multitude. Eliot told them first, in response to their question, that "What meaneth this?" that the miraculous events were but the fulfillment of Joel's prophecy (2:28) that the Spirit would be poured forth and men and women, old and young, bond and free, would see visions and dreams.

Then Peter took up his great theme that Jesus is the Christ, a brief outline only of which is recorded in the New Testament, many wonders of which that followed were witnesses. He had arisen from the dead; this he Peter, and all the others who were witnesses, and from more, the resurrection and glorification fulfilled two prophecies of the Psalms. The coming of the Holy Spirit confirmed the truth that Jesus lived and died for us, that he had been born in truth, both Lord and Christ, this Jesus whom they had crucified. Verse 36 in the closing of Peter's sermon, in his address in the arrangement of the arguments, in its analysis, in its steering clear of Jewish prejudices, in its appeal to reason and in without a peep among the people who had crucified him, but the people who had witnessed his death, crying madly, "Crucify him! Crucify him!"

It is Peter's sermon, "In its address in the arrangement of the arguments, in its analysis, in its steering clear of Jewish prejudices, in its appeal to reason and in without a peep among the people who had crucified him, but the people who had witnessed his death, crying madly, "Crucify him! Crucify him!"

NEED 3,000-MILE TRAIN  
TO CARRY CANADIAN COAL

If all the coal produced in Canada in one year were loaded into freight cars and these strung together, the train would reach all the way from Montreal to Vancouver; a distance of nearly 3,000 miles, according to an economist of the Canadian National Railways.

Writing on mining in the Canadian National Magazine, he points out that the structural materials — cement, lime, sand and gravel, stone, etc.—in last year's mining production, would fill two strings of cars reaching from Montreal to Vancouver, and a train carrying the other non-metals— asbestos, gypsum, quartz, salt, sulphur—would reach from Montreal to Halifax.

If Canada's 1937 copper production were cast in a block the width and height of a railway freight car, the block would be nearly three miles long. A similar block of lead would be nearly two miles long, and one of the zinc production would be nearly two and a half miles long. The year's silver production would form a slab a foot thick, 10 feet wide and nearly 240 feet long. The year's gold would make a block a foot thick, 10 feet wide and almost 24 feet long.

## FAMOUS INVENTIONS

Among the more recent famous inventions announced are the following:

Eyeglasses with vertical stripes for bank tellers, so they can recognize their clients when they meet them on the street.

Ink with the spaces already in it, so you don't have to raise your pen from the paper.

A piano with the strings strung up in the air, for people who prefer to play the harp.

Bent smoke, to fit a crooked chimney.

And the bellago—a bell that, when you press the button, it rings ten minutes ago. Very useful for the telephone, but mostly for getting the firemen to your house before the fire starts—Ex.

## HERE COMES THE BAND

Everyone thrills to the sound of stirring band music, and the sounds of the tapping feet of all those listening to a band programme, if combined, would create a real disturbance. Two such programmes which are worthy of mention are broadcast over CPAC on Sunday and Tuesday.

Everyone, of course, is familiar with "British Band Music," heard at 3:15 p.m. every Sunday. This programme has always been popular with CPAC listeners, and continues to command attention with its fine selections by leading British bands, with songs by Peter Dawson.

Another type of band music is now heard on Tuesday evening at 6:30, when marching songs and college marches are presented, in a fifteen-minute programme.

The residence of M. Kuchyn, in East Coleman, was destroyed by fire Tuesday evening.

Mr. and Mrs. Harry Mundie have returned to Lundbreck from a pleasant vacation spent at Los Angeles and other southern points.

## BELLEVUE HAPPENINGS

Miss Evelyn Price, who has been confined to her home for the past week with the flu, is able to be up and around again.

The annual banquet of the Crows' Nest Pass Curling Association was held in the Oddfellows' hall on Wednesday evening of last week, with the members of Ray of Hope Rebekah Lodge catering. About 100 sat for supper. It was decided that the 1940spiel be held at Fernie, which town is honored with having Thomas Beck the new president for the ensuing year.

The programme following the banquet was in part as follows: E. C. Costick, solo; toast to Visitors, proposed by Rev. R. Upton, and responded to by the singing of "They Are Truly Good Fellows"; George Burles, solo; Thomas Beck, recitation; R. Jordan, solo; P. Salt, solo; I. Hutton, solo; George Burles, solo. The banquet came to a close about 11:30 with the singing of the National Anthem.

Mrs. Gordon Youngberg is now able to be up and around after a very serious siege of illness.

W. Innes is a Calgary visitor for a few days this week.

Mrs. Penman, who has been confined to her home for the past two weeks, as a result of a bad fall, is progressing very nicely.

The presentation of books and bibles for perfect attendance were distributed Sunday last at the United Church Sunday school by Mr. J. Longworth, senior, when talks were given by some of the teachers and the junior choir sang several numbers.

Mr. Shevels, superintendent, thanked the parents for coming out and helping to make the event a success.

The event of the week was the golden wedding anniversary of Mr. and Mrs. James Redfern at Passmore on Saturday. Mr. Redfern was born at Lynn, Cheshire, England, on February 5th, 1864, and on January 28th, 1889, married Miss M. A. Stokely, who was born on June 9th, 1862, at Oldham, Lancashire, England. Of the union was born a daughter, Edith, in February, 1892, but who died in Lethbridge in 1905. In April, 1904, Mr. Redfern came to Canada and located at Coaldale, Saskatchewan. In September of the same year he moved to Taber, where in December he was joined by his wife and daughter. They left Taber in the spring of 1906 for Pascoag, and have resided there continuously since. Despite their advanced years both are still very active, and it is the wish of many friends that they may be spared to share many more years of wedded happiness.

Miss Ann Makin left this week to spend a vacation with her sister in California.

Mr. C. Emerson is confined to his home through illness.

Mr. and Mrs. C. B. Roberts, of Spokane, spent the week end with Mr. and Mrs. J. J. Murray, of Frank, on their way home from a motor trip to Calgary. Mrs. Roberts will be remembered as the former Miss Sara McMullin, who was a member of the Blairmore teaching staff from 1917 to 1920.

What a lovely idea that would be to have the King and Queen of Great Britain endorse some of the legislation drafted by our government! It would make the Canadian government, the courts of the land and the privy council feel rather small. But that's the latest dream of Alberta's fake democracy.

Hair on the Alberta government if they can protect Alberta's printers from outside competition—or, go a little further, to prevent scabbing in printing prices within the province. This latter is the biggest curse small printing shops in the province have to contend with. We venture to say that, in spite of the fact that we are required to pay a business tax, there is not a solitary cent of protection fee collected from representatives of large city concerns who come in and take away at least 75 per cent of the business upon which the local printers have to pay a tax.

## HILLCREST HAPPENINGS

Cliff Richards, of Mountain Park, is visiting at the home of his parents here, Mr. and Mrs. S. Richards.

T. Morgan, a local miner, has accepted a position with the International Coal & Coke Co. at Coleman.

At the United church on Sunday last, a violin solo was beautifully rendered by Mr. Frank Hosek.

The local dairy business of Mr. Ross Richards, who has served Hillcrest for twenty years, has been sold to the Meadow Sweet Dairies, Ltd.

A very enjoyable bridge party was held last Wednesday at the home of Mrs. G. E. Cruckshank, whom she entertained a number of lady friends. Prizes were awarded to Mrs. W. H. Morse, first; Miss B. C. Sellon, second.

Mrs. William Foster passed away early Wednesday morning at her home here, after a lengthy illness. She was a native of the north of England, and came to Hillcrest from Little thirty years ago. She is survived by her husband and three daughters. One son, James, predeceased her a few years ago.

Mrs. A. Millar, of Creston, is visiting at the home of her parents, Mr. and Mrs. J. W. Makin.

A party was held at the home of Mr. and Mrs. J. Craig on Monday, in honor of their son, Jimmy's, eighth birthday.

Mrs. W. Makin is a patient in the Hillcrest hospital.

## COWLEY HAPPENINGS

Lory Blackburn, of Pincher Creek, was a guest at the Murphy home on Sunday last.

Miss Jenny Lemire has returned from a visit with her people in the Macleod district.

Mr. and Mrs. Cyril Easterbrook and Mrs. E. S. Easterbrook have returned from visiting relatives in Calgary.

Mrs. James Irwin and Mrs. Armstrong stopped over at Kimberley, B.C., to pay a visit to Mrs. Colvin and family when enroute to Vancouver from an extended holiday trip.

Hilfe Swart has gone to Lethbridge for an extended visit with relatives and friends.

Miss Bridget Burn, of Lundbreck, is visiting with Mrs. George Porter and family.

A whist drive, sponsored by the Cowley hockey team, was held in the Masonic hall on Wednesday night of this week. Prizes were won by Mrs. Harry Gunn, ladies' first; Mrs. James Lote, consolation; Ronald Morrison, girls' first; James Lote, consolation. Chester Johnson was master of ceremonies. The club held a very successful dance here on the night of January 20th.

The annual meeting of the ratepayers of the Cowley school district was held in the school house on Saturday last. Jack Welsh was elected board member, and Arthur Tussian was re-elected, and with Wilfred Fortier, the three constitute the board of trustees for the ensuing year.

The Ladies' Aid of the United church were entertained at the home of Mrs. Archie Swart on Thursday afternoon of this week. It was voted at this meeting to send a donation of five dollars to the Wood's Christian Home at Calgary. Entertainment took the form of a card party after the meeting. Besides the hostess, the following were present: Mrs. Floyd Wells, Mr. and Mrs. Earl Mathews, Mr. and Mrs. Robert Littleton, Mr. and Mrs. Harry Gunn, Mr. and Mrs. M. A. Murphy, Mr. and Mrs. A. G. Swart, Mr. and Mrs. H. C. Morrison, and Mr. and Mrs. A. J. Snyder and Miss Lillian Porter.

In an Alberta senior hockey tilt, Drumheller will appear at Coleman tomorrow night. Good prospects, for good ice and a good game ensures a good crowd.

## THIS WEEK'S STORY

One night this week, Charlie Watson was telling his young son, Billy, a few tales of yesteryear and how the wind used to blow around Fort Macleod in the early days.

"There were no automobiles when I was courting in Macleod those days," said Charlie, "but I went about with just as much speed as you would see out here on the highway today. I put salts on an old broken-down C. P. R. hand-car every night, and the wind would around Macleod blow so strong it would carry me over to my sweetie's house at the rate of a mile a minute."

"What did you do when the wind blew in the other direction?" asked son Billy.

"Oh, that was easy," said Charlie. "I just went the opposite direction and called on another girl!"—Stavely Advertiser.

## PRESS DICTATORSHIP

Dr. Warwick Kelloway: "I think I can understand now why the present provincial government passed a bill to insure accurate information. I can understand and also sympathize with it, for there can be kind of dictatorship of the press which is not in accordance with the spirit of true democracy.

"But just the same, I do not agree with government censorship of the press, for that might easily develop into still another and worse kind of dictatorship."

**IF EYES COULD TALK  
..THEY WOULD ASK FOR  
BETTER LIGHT**

If your eyes tire quickly, poor lighting may be the cause. For safety's sake, choose Edison Mazda Lamps. They stay brighter longer. Ask about new low prices.

**Snap of spectators:** Albert Holyk; Willie Holyk, Hersch, and J. Michalski; Col. R. F. Barnes, Costellano and Toppino; Elmo Fontana.  
1. Joyce and Redsky with "Sandy" who peppered a fast one which Andy Young stopped at 15 minutes in the second period.  
2. Ye Olde Lethbridge-Coleman get-together. Looks as if a "Leaf" is us-

ing his stick. Cameraman was too far away from this group (60 feet) and picture had to be enlarged 17 diameters.  
3. Sturk and Landiak cover up open half of net as an "Oiler" passes from behind, where he and Kwassine battled for the puck. Time: .02 first period.  
4. The "Oilers" draw Kemp out or

net in first period at the 10-minute mark.

5. Kemp stops the shot on an "Oiler" breakaway, and quickly sweeps the rebound behind the net to Vickery. Arrow points to puck.

6. Another brilliant stop by Kemp, with Sturk covering net; puck shown by arrow. Time: 8 minutes in third period.

#### THE GREAT WEST

(By A. L. "Scatty" Freebairn of Pincher Creek)

We tightened our belts—and we had to—  
They said that the West had gone broke;  
We had squandered the wealth of the prairies  
(Twas the guys who had got it that spoke);  
They tried to forget they had known us.

In the days when they urged us to spend;  
We fought years of drouth and depression,  
But, by God, we won out in the end.

Take a look at those crops on the prairies

(You guys, and I hope that you choke);  
It's little you knew of this country  
When you said that the West had gone broke.

Three hundred and fifty odd millions in bushels, the wheat crop will run—  
A surplus of livestock and fodder,  
And our comeback has only begun.

Some clouds have a silvery lining,  
But out West, sirs, we line them with gold;

And the East will renew their old friendship  
As soon as our wheat crop is sold.  
They will take all our money as usual!

And give us a pat on the back,  
But you'll find when the boom is all over  
The West is left holding the sack.

It's the new wealth we wrest from the prairies  
Keeps the Dominion afloat,  
But the East with its high-priced protection.

Has a habit of rocking the boat.  
However, the West's on a comeback,

We have wheat fields and oil fields galore,  
So you better behave and quit rock-ing,  
For the Old West's the Great West once more!

Lawyer: "Then, your husband, I take it, is elderly?"

Citizen: "Elderly? Why he's so old he gets winded playing chess."

Burglar: "Please let me go, lady. I've never done anything wrong."

Old Maid: "Well, it's not too late to learn."

"I see you advertised your saxo-phone for sale," said the friend.

"Yes," he sighed. "I saw my neighbor in the hardware store yesterday buying a gun."

A "beautician" says women will be wearing topless bathing suits within three years. It would be novel to see them breasting the waves, and vice versa.

Mary had a little lamb.

With her it used to frolic,  
It licked her cheeks in play one day,  
And died of painter's colic.

She's stopping at the mountain house,  
But great seclusion seeks;  
She always dresses in the dark  
Because the mountain peaks.

—Selected.

Two elderly men at a club were dis-cussing the table manners of a new member. "Well, what do you think of him?" asked one. "Very remarkable," replied the other, thoughtfully. "I've heard soup garnished and siphoned, but upon my word, that's the first time I've ever known it to be yodelled."

Dr. Wright is moving from Pincher Creek to establish a practice in British Columbia. They intend taking in the world's fair before returning.

#### SO LONG, R. B.!

From banquet hall to banquet hall  
He hops with rare agility;  
And hears his praises sung by all,  
Who recognize ability.

R.B., K.C., M.P., P.C.  
Appear in the illuminated scrolls,  
From west B.C. to east C.B.

The record of his life unrolls.

And we who know him in the west  
Join lustily in his acclaim,  
We sing his praise who knew him best  
And stand reflected in his fame.

Forgive us if we quaff a toast

In vinous spirits, ale or brandy.

Cold water that you prize the most,  
Is not for us, although it's handy.

Another dram, though you're aghen it,

Sir Richard Bedford—thems the words!

—Health to Baron Bennett,

Our member in House of Lords!

She long, R.B.! Sorry to lose you

Damned shmart chap—we sure'll

miss ye.

If you would have a drink of booze,

You

'd be a real good sport. She long,

R.B.!

—Vulcan Advocate.

Rev. Dr. C. C. McLaurin, veteran

superintendent of Baptist missions,

celebrated his 85th birthday on Feb-

ruary 2nd. He is still Hale and active.

A son was born to Mr. and Mrs.

Jack Morton, of Lundbreck, in St.

Vincent's hospital at Pincher Creek

on January 27th. Jack says his fur-trapping business has become so extensive that he needed an assistant.

Mr. and Mrs. J. T. Walters, of Lundbreck, are spending a vacation of a couple of months with Mr. Walter's brother, George, in San Diego.

They intend taking in the world's fair

before returning.

EVAN GUSHUL

These pictures were taken by Evan Gushul, of Blairmore, with his home-made miniature camera. It uses a vest pocket size film and the lens is a Kodak Anastigmat f-1.9, the best and fastest of its type, made by the Kodak Company. This lens is from their moving picture cameras and after much planning and experimenting Evan built a camera to use with this powerful lens. To many curious people it appears that there must be magic connected with the camera, because Mr. Gushul does not use any flashes in taking these night shots. All the action shots, together with the candid close-ups of the hockey fans, were taken under the ordinary lighting of the Coleman arena, with instantaneous exposures. This method equals that used by photographers in the large cities, where pictures of professional players are taken in ordinary light, as flashes in New York and many places are forbidden while play is on. All these pictures had to be enlarged several diameters with a specially designed home-made miniature enlarging equipment, because the distance between the camera and the players around the net is about 45 feet. The clock in the background shows period and time when picture was taken. Snaps are Jan. 18 game.

Make a mock rabbit, by spreading sardines on toast, topping with a slab of Canadian cheese and placing under the broiler until the cheese melts.

Miners of Blairmore, Bellevue and Maple Leaf, by vote on Wednesday, turned down the proposition of a month's trial work and a proposed new agreement for pay on the basis of tonnage coal mined instead of by the cubic yard. The vote recorded 500 n-o and 90 ayes, with eight spoiled ballots.

It is reported that the Anglo-Canadian test well west of Pincher Creek is in the Blairmore shales. This is the formation above the lime.

The many friends of Mrs. George Bond will be sorry to learn that she has been laid up with a sprained ankle, incurred on the slippery streets in the early part of January. Ill luck continued to dog Mrs. Bond's footsteps later in the week when she suffered severe burns, a kettle of boiling water she was carrying overturning.

#### Banff Carnival Queen

Mrs. Helen Gay Kelly of Butte, Montana, will reign as Queen of the Banff Winter Carnival February 16th to 19th inclusive. Hundreds of winter sports enthusiasts are enlisting under her banner and the best in skiing, skating and tobogganing will add to the gaiety of this continent.

famous Rocky Mountain Carnival. Clear, crisp, mountain air, towering peaks, and amazing hospitality contribute toward making the Banff Carnival one of the Continent's outstanding winter sports centers. It is the gateway to the internationally known areas at Skoki, Sunshine and Lake Louise.

*"Young Man—  
I THINK YOU'VE GOT  
SOMETHING THERE!"*

Grandma always was a keen shopper and quick to "snap up" a bargain... but you'll recognize these BARGAIN OFFERS without her years of experience... you save real money... you get a swell selection of magazines and a full year of our newspaper. That's what we call a "break" for you readers... no wonder grandma says—"YOU'VE GOT SOMETHING THERE!"

## DALADIER SEES EVENTS RACING TOWARDS CLIMAX

Paris.—Premier Edouard Daladier says that French-Italian differences are "racing toward a climax."

His declaration followed a disclosure France and Great Britain had agreed to "use maximum pressure" to counter any Italian refusal to withdraw from Spanish territory at the end of the civil war, and an assertion by Foreign Minister Georges Bonnet that Mediterranean issues might soon become "a question of force."

Daladier addressed the chamber of deputies at the end of 10 days of foreign affairs debate and the chamber stood as one man to cheer his declaration of firmness against Italian demands.

He won a unanimous vote of confidence in the government's vigilance to protect the integrity of the French empire and the security of her imperial communications."

Daladier's speech was the most pessimistic he had made to France's legislators. It came as Italian crowds celebrating the fall of Barcelona received clams for French territorial concessions.

The premier made two speeches—one in the chamber and, earlier, before a meeting of his Radical-Socialist followers.

At the Radical-Socialist meeting he disclosed Anglo-French collaboration on steps to meet any failure of Premier Mussolini to keep his promise to withdraw from Spanish soil at the end of the war.

This disclosure followed Bonnet's foreign policy speech in the chamber. Bonnet asserted Britain was solidly behind France in face of "a question of force" which he said soon might arise from French-Italian friction.

"France has listened calmly to threatening words from Italy," Daladier told the chamber. "It is not everybody who can insult France."

"France has the force to allow him calmly to listen to such insults," he said. "I demand that you join together solidly, as we approach the peril."

"I will not cede a single piece of our land, nor a single one of our rights.... Any policy of retreat is impossible."

Daladier, speaking from the rostrum of the chamber, said, "Events are racing toward a climax..."

"I recognize the courage of the Italian people. But the people of France cannot tolerate whether the circumstances that have territorial integrity be touched in her North African empire or that the liberty of her Mediterranean communities be put in danger."

"At this moment France turns her thoughts particularly toward the great Anglo-Saxon nations which have given us their words to be at our side."

"British friendship is very precious to us and we think of United States whose president addressed words to us which touched us deeply."

He did not specify what speech or message of President Roosevelt he referred.

## More Than Necessary

### NATIONAL UNITY LIKELY TO BECOME VITAL STATES ANTHONY EDEN

Leamington, Eng.—Anthony Eden, making his second speech to his constituents 24 hours, warned that national unity "is not only necessary now, but it may become vital at any moment."

The former foreign secretary had formerly attacked Fascist intervention in Spain and called for a firm Anglo-French stand in the Mediterranean.

"The charge of warmongering is one that ought never to be heard in this country," he said; "for there are no individuals here and no political parties who want war."

Party divisions in Britain are becoming much less marked, Mr. Eden said, because the electorate is interested as never before in problems of foreign policy. Under these circumstances there was something fictitious in positions adopted by the various parties, and something even more fictitious in partisan attacks made by some quarters.

### Ukrainian Problem

Saskatoon—Conviction that the Ukrainian national problem must be settled before European peace could be achieved, was expressed by Professor G. W. Simpson of the University of Saskatchewan history department in an address before the live-stock breeders' banquet, held here.

## Earthquake In Chile

Many Thousands Of Lives Lost As Cities Are Destroyed

Lima, Peru.—A Pan-American Grace Airlines pilot advised his headquarters here that 4,000 persons were dead at Chillan as a result of the earthquake and that the ruined city was in flames.

The pilot, Byron Rickards, who flew from Santiago to Chillan, a city of 40,000, 220 miles south of Santiago and returned, said in his report to Lima:

"Chillan in ruins and afire. Ground observers reported 4,000 dead."

Buenos Aires.—La Nacion's correspondent in Santiago, Chile, said Lieut. Yanes, an aviator, had landed at Chillan and returned with the information that 5,000 persons perished in the quake there.

Many more of the 10,000 injured were fatally hurt, he told Minister of Interior Ortega.

Violence of the shock opened fissures in Chilean streets 12 feet wide. Lieut. Yanes declared, and huge ditches were being dug to bury the dead as quickly as possible.

Santiago, Chile.—The "complete destruction of a million, a city of 40,000 inhabitants, in widespread midnight earthquakes was reported as military aviators tried to check other reports that 2,000 were killed in the Concepcion area.

Cauquenes, a city of 8,500 population, famous for its mineral springs, was officially reported largely in ruins. The number of victims was not known, but was believed large. The city is 60 miles south of Santiago.

## Child Refugees

### British Government Issues Cheque To Aid Spanish Children

London.—The British government contributed an unspecified amount of money to aid child refugees in Spain and sent a cheque for £20,000 (\$32,000) to the International Refugee Commission headed by Michael Hansen, of Norway, as an advance on the full amount.

The cheque will be used, Hansson said at Geneva, to buy powdered milk which will be delivered at Geneva, the new committee headquarters in Catalonia.

British officials announced that in the past week the United States had agreed to send \$300,000 worth of wheat, which will be shipped in four months and that other countries had advanced \$420,000 for relief—Sweden, \$250,000; Norway, \$50,000; Belgium, \$75,000 and Denmark, \$50,000.

## Rehabilitation Work

### Say West Has Overcome The Problem Of Soil Drifting

Sarnia, Ont.—The west has overcome problem of soil drifting and even in worst areas wind erosion can be stopped, Hon. George Spence, director of Prairie Farm Rehabilitation in Saskatchewan, told the Canadian club.

There is no longer anything to worry about in that regard, Mr. Spence said. It could now be stated with assurance that there was no longer a "dust bowl" in the Canadian west.

Program and policies of the Prairie Farm Rehabilitation Act were founded upon bedrock of actual farming and ranching, and it had been established that policies for which parliament had been asked to vote money were not based on mere theory.

## Clever Boy Musician

### Conducted 50-Piece Orchestra Playing His Own Composition

Quebec—After a triumphal appearance as guest-conductor of a Quebec symphony orchestra, Clermont Pepin, boy composer of the little town of St. George de Beauce, was taken back home for "some skating" and a welcome by his father, a brother, and 15 brothers and sisters.

Under the proud eye of his mother, the 12-year-old pianist brought a packed house to its feet cheering after he had put the 50-piece orchestra through the music of his "Men-uet."

### One Of Great Masters

New York.—The Metropolitan Museum of Art announced that Walt Disney, creator of Donald Duck and Mickey Mouse, will be represented among its collections of the great masters. Harry B. Wehle, curator of painting, said he considered Disney "a great historical figure in the development of American art."

### Dental Mechanics

Edmonton—A bill to permit dental mechanics to take impressions and supply false teeth may be submitted to the Alberta legislature at the session opening Feb. 9.

## HEAVY INCREASE IN ESTIMATES FOR CANADA DEFENCE

Ottawa.—An increase of nearly \$30,000,000 in national defence appropriations for the next fiscal year featured the estimates which Hon. Charles Dunning, minister of finance, tabled in the House of Commons. The total is \$63,435,175 against \$35,966,524 for the current year.

For carrying on the ordinary continuing business of Canada during the fiscal year beginning April 1 Mr. Dunning tabled total estimates of \$47,241,215.

For the same purposes last year the main estimates asked for \$418,656 and later supplementary estimates were \$40,000 for an additional \$11,360,054 for ordinary costs of government, making a total of \$430,928,610.

The defence estimates are worked out on a new basis. Votes for construction and acquisition of stores are classified as for: (a) ordinary account, and (b) capital account.

The deficit is to show how much of the contemplated expenditure is for normal and maintenance purposes and how much for new structures and additional equipment required to complete the minimum establishment and reserve laid down by technical advisers as necessary.

Items shown under capital account aggregate \$29,405,102. It is proposed to borrow this sum, and there is included in the vote \$3,477,175 with which to liquidate the loan and take care of interest and sinking fund over a period of 10 years. This leaves for actual departmental purposes \$60,000.

The Royal Canadian Air Force will receive the largest portion of the \$27,465,651 increase over last year.

Expenditure on the air force was withdrawn at \$29,775,505. The increase alone is greater than the entire appropriation voted for the air force last year, when \$11,686,517 was spent.

Much of the air force money will go into new buildings and aircraft. For buildings, \$4,212,000 is being asked, more than \$1,800,000 going to Nova Scotia and more than \$1,000,000 to British Columbia. This program arises from necessity of furnishing accommodation for new planes being delivered and those for which contracts will eventually be let.

A total of \$6,000,000 will be appropriated for "the training of pilots." While confirmation is not yet had, the belief is this sum contains a proportion to be allotted to the training in Canada of pilots for the Royal Air Force.

In essence, the situation centers on the fact that Italian forces in Cagliari are fighting with the triumphant Spanish insurgents and the question as to whether they will get out of Spain when the war ends or attempt to use their foothold there to bargain with or threaten France and Britain in order to win concessions from the democratic powers in the Mediterranean.

Negotiations to this end are understood to be approaching completion, and the likelihood is that at the first opportunity Hon. Ian Mackenzie, defence minister, will announce agreement has been reached between the Canadian and British governments.

Under these circumstances some substantial fraction of the amount will be recoverable, since the plan is understood to contain a provision that reimburses Canada for "out-of-pocket" expenses incurred in the training of British pilots.

A total of 83 new planes will be built, of which 64 are destined for the R.C.A.F. and 19 for the non-permanent wing of the air force. At the same time the R.C.A.F. personnel will be increased by 14 officers and 217 airmen, bringing the total up to 262 officers and 2,043 other ranks.

The government contemplates purchasing a flotilla leader from the British admiralty for the naval service. This will bring the total of ships of the Royal Canadian navy up

### A NEW ONE ON THE CROWD

Imagine how surprised the football crowd at the Chelsea-Arsenal cup tie must have been when they heard this man's voice boomerang over the ground. He is using a portable amplified megaphone for the first time to control the large crowd (58,000) which attended the game.

## QUEEN OF BANFF

## The New Democracy

**Convinced That The Old Economic Order Must Be Changed**

Ottawa.—A movement has already been started among men and women convinced that if there is to be prosperity the old economic order must be changed, Hon. W. D. Hertridge, former Canadian minister to Washington, told the Men's Association of Chalmers United church here.

Fascism is "a monster in the world tracking our civilization down," he said. Canada should fight it from within by bringing prosperity to its people. It should fight it from without by uniting the British Empire and United States in an Anglo-Saxon union.

"In these last few months I have travelled widely in Canada," he continued. "I found poverty and unemployment everywhere... ."

"I found farmland... . People are determined to prevail. Our people are resolved to have prosperity. The issue is security, justice and freedom. Faith must stand or fall with it. In this country there begins a mighty forward movement. It is a movement of the people, classes, for every class belongs to it."

"This movement has been preparing for some time. To-day we find it is in our churches. Our social and economic institutions already feel the beat of it. Labor and the farmers acknowledge its vitality."

"I call this movement the new democracy. I believe that it is on its way to prosperity. We mean to put everything we have into this movement. It will be the supreme effort of the people to make a free association with their fathers. The time for action is proportionate."

The drive of the insurgents into Barcelona may not mean the end of the two and a half year old war but dispatches from Madrid say that the insurgents are stronger than the retreating armies of Gen. Francisco Franco are bringing closer and closer a test between the democratic and totalitarian powers in the Mediterranean. The pay off may come at almost any hour.

How grave that test will be and whether there will be another great international crisis remains to be determined, but factual developments on the European continent appear to leave little doubt that preparations are being made to meet any eventuality.

In essence, the situation centers on the fact that Italian forces in Cagliari are fighting with the triumphant Spanish insurgents and the question as to whether they will get out of Spain when the war ends or attempt to use their foothold there to bargain with or threaten France and Britain in order to win concessions from the democratic powers in the Mediterranean.

It would be necessary," the minister said, "to discuss the vital necessity." In a country so large as Canada, with much great resources and productive capacity and so small a population, export markets were obviously essential.

"It would be an ideal situation to make such trade agreements that we would import only those commodities we do not produce or manufacture, but, desirable as it would be, that is impossible."

With countries in Europe raising tariff and exchange barriers the only possible way of entering those markets was by way of special agreements. If Canada did not make agreements it would suffer from dislocation.

Canada was still the fourth exporting nation in the world, the only countries having larger exports being Great Britain, the United States and Germany. In 1938 Canada had a favorable world balance of trade of \$280,000,000.

Mr. Edele ridiculed the argument of Hon. R. J. Manion, Conservative leader, that Canada's per capita purchases from the United States amounted to \$40 and U.S. per capita purchases from Canada to \$3.50 and that this represented an unsound trade position. It would be just as logical, he said, to have an argument on the fact that Canada's per capita sales to the United States greatly exceeded the U.S. per capita sales to Canada.

The minister cited export and import trade figures with the leading countries of the world to show the favorable balance with each. There was an unfavorable balance with only two countries, Italy and the United States. Trade with Italy was small and the unfavorable balance was some \$60,000. Exports to the United States totalled \$45,000,000 and imports from that country \$42,000,000, leaving an unfavorable balance of over \$7,000,000.

## HOARE DECLARES BRITISH EMPIRE IS INVINCIBLE

Swansea, Wales.—Sir Samuel Hoare, home secretary, proclaimed the "invincibility of Great Britain and the British Empire" and denounced European political "jitters" who are "wailing helplessly for the crash that is coming to them will destroy us all."

He called for a national response to the country's defence preparations and asserted: "This great country and this great empire can never be defeated."

Britain's economic and financial position and the Royal navy are her two greatest assets, he said. The financial and economic system had proved through years of trial it "is the most stable in the world."

The fleet had adapted itself to new war technique, declared Sir Samuel; a former first lord of the admiralty.

"The proper use of its air force by the navy itself will extend rather than diminish sea power."

He denounced timid panic mongers who are asking themselves when a world war is going to start as "a public nuisance."

Appealing for protection against political "itterings," he said:

"I am told that in the United States of America there is a class of people who sit listening in hysterical excitement to what is called 'hot music' and waiting for the final crash."

"Americans in their forcible language call them jitterbug."

"There are many people in Europe to-day who seem to be behaving in much the same way. They sit listening to all hot music of scared and alarms, waiting helplessly for the crash that according to them will destroy us all."

That, he said, "is not the way to defend democracy." He asked for domestic political unity and preparedness based upon "the strength of democracy."

No inevitability of war exists, Sir Samuel went on.

He praised Prime Minister Chamberlain as the "lubebury of Europe" and denied any suggestion that British prestige has sunk to the lowest possible depths and that the prime minister is either a gullible old man always taken in by the dictators' cunning or a Fascist in disguise, ready to sacrifice British interests for Fascist favors."

## Narrow Escape

### BRITISH MINISTER TO SPAIN ALMOST HIT BY BOMB

London.—Ralph Stevenson, British minister of government, had a narrow escape from death by insurrection planes while travelling between Caldes and Barcelona.

According to meagre reports, Mr. Stevenson had been sleeping at Caldes and spending the day in Barcelona. While driving along a road scene of incessant bombing and sniping, he was almost hit by bomb splinters.

The foreign office ordered him abroad the Devonshire which, according to reports here, will remain his official home, making it one of the few instances when a British legation has been operated from a warship.

Meanwhile, D. J. Rogers, British consul general, will remain in Barcelona.

## British Empire Centre

### Will Be Shifted Only If Some Great Catastrophe Occurs

Toronto.—Sir Gerald Campbell, British high commissioner at Ottawa, said he believes the centre of the British empire will be shifted—perhaps to Canada—only if "some great catastrophe occurs in the United Kingdom."

"Let's hope there won't be one," Sir Gerald, here to address the board of trade, declared. "But should it come it's nice to think that the empire's capital might find a home in Canada."

The British people, he said, are "getting near the end of their tether" as far as their attitude toward the dictatorship is concerned.

"They are not going to sit by and see Germany and Italy grab every blessed thing in Europe," he said.

**Eliminates Static**

Chicago.—United Air Lines announced its research engineers had whipped radiotelephone static—cause of several airline disasters in recent years—using a specially made spring cartridge to "discharge" accumulations of static electricity in the plane.

## Do You Know Anything

about

### "BANG'S DISEASE"

? —

HUMAN BEINGS contract a mysterious fever, which puzzled the medical profession for a long time, by eating (or sometimes even handling—with a cut on the finger) uncooked meat, or drinking milk from herds which have "Bang's Disease."

THIS DISEASE in cattle and hogs is at this date fairly widespread on the North American continent.

TO DATE there is no known cure for it, though several serums are in the experimental stage.

ASK your doctor about it!

Pasteurization kills the germs of Bang's Disease. That is another reason why it is properly called

"Safe Milk"

MEADOW SWEET DAIRIES, LIMITED

Various fish are now being put up in cans as far as farm food.

The remains of Gus Becken were laid to rest in Calgary on Monday afternoon in Burnside cemetery.

Social Credit treasury vouchers can not be passed through a bank or endorsed to any other party, according to the issued interim programme.

A soft drink peddling company expects to sell 50,000 bottles of its product daily at the California World's Fair.

Down in Cape Breton they sent a guy to jail for not knowing Gaelic. We know a little of that language ourselves—just enough to save us from jail.

The old C.P.R. Hotel Vancouver, at Vancouver, is likely to be torn down, being replaced by the new hotel to be operated jointly by the C.N.R. and C.P.R.

Press reports failed to mention if R. B.'s departing tears were of the famous Alberta crocodile variety. Anyhow, unlike some other would-be greats, R. B. did not possess the hide of a rhinoceros.

A circular was circulated in Hillcrest last week to the effect that the Meadow Sweet Ladies, Ltd., of Bellevue, had taken over the Hillcrest Dairy, operated for over twenty years by Rees Richards.

Province of Alberta treasury bills, totalling \$4,478,000, held by the Dominion government for security for unemployment relief advances and due yesterday, have been renewed for a year. The bills bear interest at three per cent.

One thing can be said of the provincial government's treasury branch scheme is that it appears to be in the interest of Alberta manufacturers goods. It is also claimed that the scheme is "absolutely voluntary" on the part of the merchant, though he has to sign an agreement with the government.

Dr. and Mrs. J. S. Hynes, of Fredericton, New Brunswick, formerly of Blairmore and Clarenceville, are receiving congratulations upon the birth of a daughter on January 28th at the Victoria hospital in Fredericton.

It is announced from Washington, D.C., that henceforth the National Broadcasting Company will refuse to accept advertising for beer or wines. According to Mr. Lenox R. Lohr, president of the commission, the N.B.C.'s policy on liquor advertising has meant loss of considerable potential revenue.

Wouldn't it have been a nice thing in days gone by to have been able to listen to addresses from prominent bankers before a bank would be established. That silly idea was never thought of till the year 1938, in Alberta, and the inventor of the movement should allow his name to be recorded with other jokes.

A plan is under discussion at Cranbrook to charter a special train to be run from there to Golden at the time the royal party will be passing through that town on the main line on Sunday, May 28th. The distance from Cranbrook to Golden is roughly 200 miles. The royal train is scheduled to reach Golden about noon.

It took three months to build a factory addition down in Ontario large enough to turn out a suit of combinations for ye editor. We received a bill last Friday morning, so much for the factory, so much for the model, so much for the worried and increased staff, so much for shipment and so much for the finished article. It would take all the Social Credit dividends coming to us in the next 444 years to meet the bill.

If there ever was necessity for the strap, it is when hockey patrons are asked very kindly to refrain from smoking in the arena during the game and then deliberately make matters terribly uncomfortable for the players starting the entertainment by lighting up. We have noticed, many times at local arenas, that immediately the request is made not to smoke, young men, and even young women, immediately start their un-welcome play.

## Local and General Items

The Editor will be glad to receive items for this section regarding visitors entertained, parties leaving for holidays or short trips, bridge parties; teas, showers, presentations, anniversaries, etc. Phone items in to 11 or hand them in at The Enterprise office not later than Thursday evenings.

R. B. should be off the Canadian front page by now!

The Central Canadian Greyhound Lines Ltd. are planning on erecting a bus line depot at Lethbridge.

Henry says: "Running one face at a curling bonspiel doesn't always work for the best." He knows, ask him?

R. B. Bennett refused to have his "mug" photographed while breakfasting in Halifax prior to saying another good-bye.

Mrs. Dan Smith, of Creston, B.C., was called to Gull Lake, Sask., owing to the illness of her mother, Mrs. Thomas Gunter.

Mr. and Mrs. Barney Kiernan were down from Kimberley the first part of the week visiting with friends. —Cranbrook Courier.

Mrs. Dulcie Hanlan, former resident of Edmonton, was murdered at Victoria, B.C., on January 31st. A negro suspected of the crime has been arrested.

Mrs. William Bishop, aunt of Mrs. W. A. Vaughn, passed away at Wolfville, N.S., last week end. Her husband predeceased her quite a number of years ago in Alberta.

Saturday, January 21st, was the 100th anniversary of the opening of the Acadia College, formerly Queen's College, at Horton, Nova Scotia. The college opened officially on January 21st, 1839.

Miss Nina Passmore left Cranbrook last week to join her parents in California, after spending a few days visiting her brothers and sisters here. She is with the staff of the Kootenay Lake General Hospital at Nelson.—Cranbrook Courier.

About two weeks ago, a C.P.R. freight car was broken into at Fernie and a quantity of tobacco to the value of \$500 was stolen. Police followed up for a few days and finally located the stolen goods intact in a warehouse at the north end of the city. The police are still trying to locate the guilty parties.

Up in Drumheller it is said that very little interest is being manifested in the newly established "treasury branch," and that it is being planned to conduct an educational campaign—in other words, teach the 13-year-old mentality how to use their money. Why didn't the banks conceive that clever idea?

A plan is under discussion at Cranbrook to charter a special train to be run from there to Golden at the time the royal party will be passing through that town on the main line on Sunday, May 28th. The distance from Cranbrook to Golden is roughly 200 miles. The royal train is scheduled to reach Golden about noon.

We received a bill last Friday morning, so much for the factory, so much for the model, so much for the worried and increased staff, so much for shipment and so much for the finished article. It would take all the Social Credit dividends coming to us in the next 444 years to meet the bill.

If there ever was necessity for the strap, it is when hockey patrons are asked very kindly to refrain from smoking in the arena during the game and then deliberately make matters terribly uncomfortable for the players starting the entertainment by lighting up. We have noticed, many times at local arenas, that immediately the request is made not to smoke, young men, and even young women, immediately start their un-welcome play.

Jock is oiling up his fishing tackle for the 1939 season with alacrity.

More than 2,000 members of the Society of Automotive Engineers will visit the California World's Fair on June 7th.

One of the new C.N.R. passenger coaches is now on display at Calgary. It is one of the largest ever built for the company.

Henry said that when his face hit the ice he imagined at that moment he was a refugee from Sudetenland. Well, he sure looks the part.

On a visit to her brother, Ralph MacGillivray, at Calgary, with her husband, Robert, Mrs. Katherine Margaret Gawley, 59, of Loverha, Sask., died at Calgary on Sunday morning. Herbert MacGillivray, of Coleman, is a brother.

A St. Valentine dance is to be held in the Sartoris hall on Tuesday night, February the 14th. A good time in the finest hall and on the best floor in the Crows' Nest Pass is promised. The Arcadians will furnish the music.

In many places throughout Canada, about the most beautiful place in the community is the cemetery. And then to think of people who have lived miserably here just going to glorying forever after the spirit of a precious life has fled—it is sad.

An item in our issue of January 13th referred to the proposed new highway programme in the Hay River district as to cost \$200,000. We understand, the approximate figure for the project is \$52,500, including cost of aerial survey.

Fifty years ago, George Roland Roberts, a native of Bonne Bay, Newfoundland, sailed from North Sydney, Cape Breton, around Cape Horn to British Columbia on board the sealing schooner Annie C. Moore. He died at Victoria on December 18th, in his 73rd year.

Mondays next, from 11 a.m. to 12 noon, has been set as the hour in which nominations for mayor, councillors and school trustees shall be made at the town office. It is generally felt that the present mayor, Enoch Williams, and retiring members of the council and school board should be returned by acclamation.

According to the interim programme of the government's treasury branches, a merchant must give the government a clear list of statistical information when required. In other words, the treasury house, or the government, must know all about your business transactions. The banks do not require such, unless you wish to make an overdraft.

Hitler is also opposed to the press. As a matter of fact, all dictators are.

A government credit house is to be opened at Cardston on Monday, June 7th, with H. A. McKinnon, of Edmonton, former manager of the Royal Bank at Cardston and Pincher Creek, in charge.
